## Vote "No" on Prop 65

The League of Women Voters says "...The plastic bag industry wants to use this measure to damage the hard-won agreement between environmentalists and grocers that made the plastic bag ban possible. This is not about helping fund environmental programs but is simply intended to cause enough voter confusion that the more significant environmental measure, Proposition 67, fails."

...conflicting propositions dealing with the death penalty.

### VOTE YES on 62 –

Justice That Works:

#### Death Penalty Abolition

Proposition 62 will abolish the death penalty, replacing it with life without possibility of parole. It will ensure time in prison is spent in work, with an increased portion of wages going to restitution to victims' families. California has spent more than \$5 billion to execute 13 people since 1978. Nothing indicates this has been effective in reducing crime, while the risk of executing the innocent remains.

### VOTE NO on 66 –

#### Shortening Death Penalty Appeals

This poorly written measure would greatly increase California's risk of executing an innocent person by shortening the time for appeals and limiting the prisoner's ability to present new evidence of their innocence. It is estimated the state would need as many as 400 new taxpayer-funded attorneys to meet the demand.
